

PetCare: Database Views in the Frontend

Frontend-only mapping for `database/03_views.sql` views.

Database View	Frontend Location	Role / Login
<code>VW_PERSON_BASIC</code>	Insights & Reports → View → People Overview	Admin
<code>VW_PERSON_ROLES</code>	People Directory	Admin, Supervisor
<code>VW_ROLE_DIRECTORY</code>	Team Management	Supervisor
<code>VW_PET_DETAILS</code>	Pet Directory	Admin, Supervisor, Employee, Doctor, Adopter
<code>VW_SHELTER_OVERVIEW</code>	Shelter Management	Admin, Supervisor, Employee
<code>VW_RESCUE_DETAILS</code>	Rescue Operations, Rescue Intake, My Rescue Reports	Admin, Supervisor, Volunteer
<code>VW_ADOPTION_APPLICATIONS</code>	Adoption Monitoring, Adoption Review, My Assigned Adoptions, My Adoption Applications; also Insights & Reports → View → Adoption Application Overview	Admin, Supervisor, Employee, Adopter
<code>VW_MEDICAL_DETAILS</code>	Health Records	Admin, Employee, Doctor
<code>VW_FINANCE_SUMMARY</code>	Financial Overview	Admin
<code>VW_SALARY_DETAILS</code>	Payroll	Admin, Supervisor
<code>VW_DASHBOARD_STATS</code>	Dashboard cards	All roles
<code>VW_PERSON_ADDRESS_OBJECT</code>	Insights & Reports → Abstract Data Type → Structured Address Directory	Admin

Where Is Insights & Reports?

Admin login: Sidebar → Developer Tools → Insights & Reports.

Supervisor: the backend allows management reports, but the current frontend sidebar does not show Insights & Reports for Supervisor. Use the Admin account to demonstrate it from the UI.

Quick Demo Order

Use Admin login, then open Dashboard, People Directory, Pet Directory, Health Records, Payroll, and finally Developer Tools → Insights & Reports for the report-only views.
